CONCRETE STYLE

▲ The 2012 International Contemporary Furniture Fair saw the debut of James de Wulf's Soft Block Collection; a line of indoor/outdoor modular seating reminiscent of the concrete block furniture for which de Wulf is known. The Soft Block Collection, however, is lightweight and includes a chair, sofa, chaise and ottoman. Available in 10 fabric colors. jamesdewulf.com

DISTINCTIVE DESIGN

▼ Say *bonjour* to French manufacturer Sifas' Sakura Collection, designed by Mark Hobson. It's a modular system of lounge chairs, ottomans, side tables, loungers and beds whose distinctive, fluid shapes can form a variety of groupings. A layer of cushioning is woven with Hydropass technology, which allows the material to dry in about 30 minutes. sifasusa.com
